Dear Student,

We're excited to share that we are now planning our Autumn Term which will see a return to in person courses and workshops. Its going to be wonderful to see you all in person again!

And for those of you who prefer studying online, we'll be continuing that too.

We've created a very short survey (5 questions!) and would be really grateful if you could spare 5 minutes to let us know what, how and where you would like to learn. Your feedback matters to us and helps shape what the College offers.
